

Rental Insurance Zeppelin Sverige AB | Energy Rental

Limit your liability in case of damage or theft.

Zeppelin Energy Rental offers high quality rental solutions for power and temperature control. During the rental period, the customer is fully responsible for damage and theft to our equipment, this requires comprehensive insurance. We offer all our customers the opportunity to take advantage of our Rental Insurance and limit their liability during the agreed rental period.

Do you have sufficient rental insurance for our equipment?

No, we want to take advantage of Zeppelin Energy Rental Insurance!

- 7% of the rental amount as a fee when signing the Rental Insurance
- Additional deductible in case of damage or theft
- Maximum deductible amount: 60,000 SEK per damage

Yes, we do!

- Current insurance policy is sent to the salesperson for approval

How does our Rental Insurance work?

- The customer and Zeppelin Energy Rental agree to limit the customer's liability for a fee.
- In case of damage or theft to our equipment, the customer is protected by our Rental Insurance.
- Intentional damage or negligence by the customer is not covered.
